### Will you join us in our vision for the future?

Our school is the result of those who believed in the "future" of St. Thomas More School years ago. Their vision has been vindicated over the past 69 years.

This project will add air conditioning to the school building in addition to updating the original boiler, technology infrastructure and the restrooms. It is our hope to continue this vision for the next 69 years.

Volunteers will be contacting those who have not yet responded to the invitation to consider Fr. Mike's request and respond with a pledge.

Thank you for
